Dear All,

We're excited to announce the launch of **Jazz's first sharing package - ROX Share Vibe**, now live on the **new ROX App (ROX 2.0)**!

With **ROX Share Vibe**, our customers can now **share their package with friends and family**, creating a more connected and collaborative digital experience. This is a first-of-its-kind feature in our portfolio and a major step forward in enhancing customer value and convenience.

Product Details

Name	Incentive	Price (Load)	Channels
Share Vibe	200GB, 10000 All Net Min & SMS shareable among 5 members	PKR 5000 (ROX App) PKR 6000 (other digital channels)	New ROX App - 2.0 Other digital channels : Jazzcash , SIMOSA

Product Mechanics

ROX App

- **ROX Share Vibe** is available exclusively on **ROX 2.0**, the upgraded version of our App
- The **old ROX App** does not support **Share Vibe**, so encourage users to update once ROX 2.0 is available to them

Subscriptions

- Parent member (ROX service class user) will be able to subscribe to Share Vibe from the new ROX App & other digital channels
- Jazz prepaid customers on other service classes can subscribe to ROX Share Vibe and will be converted to ROX service class upon subscription

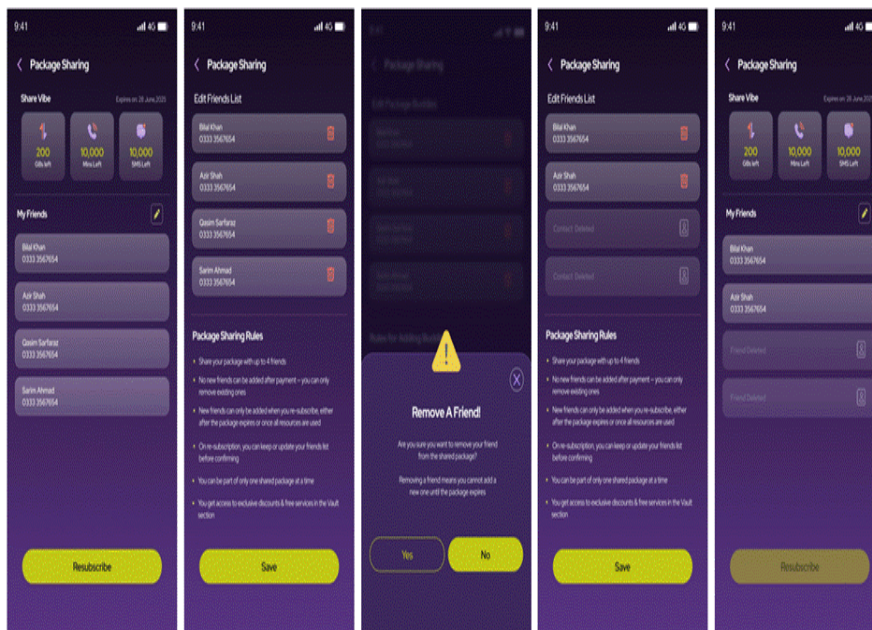

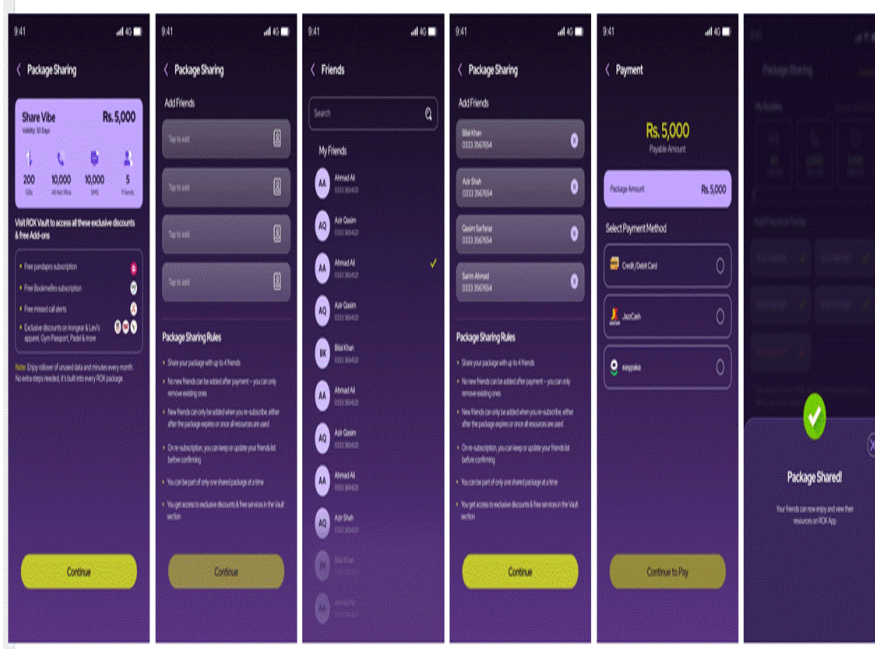

Sharing Members

- Child addition can only be done via new ROX App irrespective of package subscription channel
- Parent can add up to four child members in share vibe – Child members can be both ROX/Jazz prepaid users
- Upon becoming a child in share vibe, the child members will be able to utilize sharing resources (without quota) till validity of the subscription
- Parent can remove a child from share vibe but cannot add another child in that slot during validity of one subscription cycle
- New child members can only be added upon re-subscription, either after expiry or once all resources are consumed
- If you re-subscribe share vibe before expiry, your group will remain intact
- You can be part of only one shared package at a time (either as parent or child)
- Once share vibe expires, you can either subscribe as a parent or be a child in a new share vibe
- Child members can view share vibe remaining resources on new ROX App only

Other Rules

- Multiple subscription is not allowed, once bundle is expired than customer can subscribe again
- Any remaining resource will also get expired
- Only parent gets access to exclusive discounts & free services on ROX App (available with all ROX packages)
- Parent cannot exit ROX while share vibe is still active. However, child members can exit ROX while share vibe is active
